● CESIA SAURIA BUTARBUTAR ●

hallo,

Hi, I'm Cesia, a second-year Information Technology student at Institut Teknologi Del, seeking internship opportunities. Motivated to grow and learn, I am committed to completing tasks on time and contributing to team goals. I have mastered software testing methods, have strong analytical and communication skills, and can design digital products. I am eager to join a dynamic team to apply my skills and learn from industry professionals.

EDUCATION LEVEL

01

Institut Teknologi Del

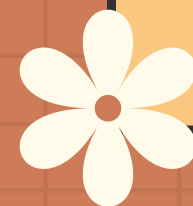

Diploma in Information Technology {2022-2025(Expected)}

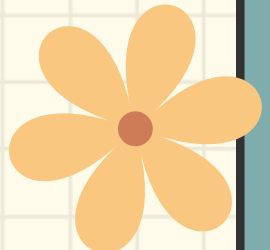

02

SMA N 1 Siantar Narumonda

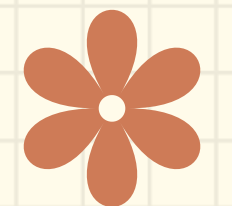

Assosiate in science [2019-2022]

HARD SKILL

Selenium, Cucumber, Robot Framework, White Box, Black Box Testing, and Gray Box Testing, Katalon, PostMan, Test Rail, JUnit, MySQL, SQLYog, SQL Server, Bizagi, Canva, Figma, Balsamic, Postman, PHP, Laravel, Java, Kotlin, JQuery, C, C++, HTML, CSS, Ms. Excel, Python, Ms. Powerpoint, Star UML, draw.io

SOFT SKILL

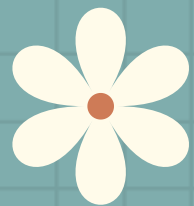

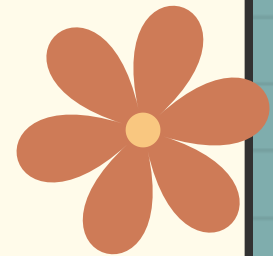

Problem Solving, Fast Learning, Leadership, Teamwork, Time Management, Have good communication

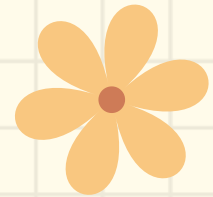

ORGANISATIONAL EXPERIENCE

- **Student Association of the D3 Information Technology Study Program (Members Documentation Division)** - Responsible for preparing detailed documentation reports for each activity, including photos, videos, and descriptions of events organized by the Student Association of the D3 Information Technology Study Program.
- **Student Association of the D3 Information Technology Study Program - (Members Documentation Division)** - The Association's Cadre Event, selected as a committee member in the Documentation division. - The Association's Welcoming Party, selected as a committee member in the Documentation division.

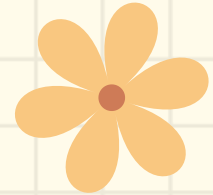

PROJECT

- **Rancang Bangun Website Manajemen GPdI Porsea (PA 1) - Laguboti Sitoluama Feb 2023 - Jun 2023**
 - UI / UX Designed a website using Mockup Designed a website using Figma
- **TDD (Test Driven Development) JUnit using Netbeans May 2024 - May 2025 (Quality Assurance)**
 - Using the 4 java files, determined which classes fail
 - Analysed the cause of failure and modify the program
 - Generated a report containing conclusions and print screens such as Test case class and JUnit output report screen
- **Facebook System Apr 2024 (Quality Assurance)**
 - Performed Test Rail and Katalon TestingAnalysed the result of testingCreated a test result repor
- **Development of WEB APP SKILLUP: Online Tutoring Platform (PA 2) Laguboti Sitoluama Mar 2024-Jun 2024 (System Analyst)**
 - Analysed the system workflow and determine the stages of work based on SDLC
 - Created diagrams such as ERD, Use case, BPMN, Sequence, and other diagrams
 - Matched the user requirements with the system
 - Made SWTD document

PROJECT

- **Development of WEB APP SKILLUP: Online Tutoring Platform (PA 2) Feb 2024 - Jun 2024 (*Quality Assurance*)**
 - Checked the conformity between user requirements and implementation
 - Tested the application using Black Box testing
 - Created application testing documents
- **Discrete Math - Present**
 - I have created a mind map project in the Discrete Mathematics course.
